Embracing Diversity Incorporated

Privacy Statement

We ask for and collect information from you such as you and your child's Name, Address and Contact details. We do this to allow us to keep you updated or to enable us to contact you about upcoming Embracing Diversity activities.

We may also ask you for other information, such as Ethnicity and Languages spoken. It is up to you whether you provide this, however if provided it may help us ensure we focus our efforts and plan our activities appropriately.

Additionally we need to know who you authorise to pick up your child, emergency contact details (in the event that we can not reach parents) and if your child has any special needs / requirements or medical conditions / allergies.

Embracing Diversity will be the only recipient of this information. All collected information will be held securely by the Embracing Diversity committee, and may include images, voice or video recordings of your child that have been obtained during scheduled activities.

How we use your Information

Embracing Diversity will use the information collected for the purpose of communicating with you (for example: seeking your views or sending you newsletters) or ensuring your child's well-being and safety are protected.

We will never share any of the information you provide with another party.

If any of your details change, or you no longer want us to hold your details, please advise us by emailing contact@embracingdiversity.co.nz

Social Media

You agree that you will not take photos or videos of other people's children and post them publicly (e.g. onto social media) without parental consent. Embracing Diversity will always ask for your permission before using any images that include your child on our website, social media pages, newsletters or emails.
